

FARE MITIGATION MEASURE FOR EXO5 MASCOUCHE TRAIN LINE USERS: UP TO 30% OFF A MONTHLY TRAIN OR ALL MODES PASS

TERMS AND ELIGIBILITY REQUIREMENTS FOR THE OFFER

Amended on July 1, 2022

General Description of the Fare Mitigation Measure

A fare mitigation measure is being offered by the Autorité régionale de transport métropolitain (the “ARTM”) to exo5 Mascouche train users who reside in the catchment area for the line and who experience a decrease in service due to work on the Réseau express métropolitain (the “REM”).

This fare offer entitles exo5 Mascouche line users to a discount of up to 30% off the current price of a monthly “TRAIN” or “All Modes” pass. To be eligible for this offer, users must prove they reside in the determined catchment area.

In the interest of fairness for all transit users in the Greater Montréal Area, the base fare was established based on the cost of a monthly “All Modes A” pass, i.e. \$94.00 for the regular rate and \$56.50 for student and reduced rate passes.

Monthly Fares with the Discount Applied– *(transit fares in effect since July 1, 2022)*
